Tours

**UPDATE LEAFLET**  
**2015**

## Estate Tour

Firstly may I thank those of you who managed to meet me at your development on 14<sup>th</sup> April 2016 – I very much appreciate your input/comments.

I am now writing to confirm the areas of concerns which were raised and how we intend to address those concerns.

List of concerns	Action to be taken
Height of the trees surrounding the development	We are investigating the management of trees in the area. A meeting will take place with Tesco to discuss the issue and how to move forward.
Communal Gardens	We are arranging to meet with contractors at the moment. We are looking at the current landscape to see how we can make this more accessible to tenants. Plans will be sent out in due course – this will include new gravel in the drying areas, new grassed and paved areas and new shrubs.
Bins	We are currently looking into alternative arrangements for storing the bins, particularly in the blocks of flats such as a bin store. This could mean consolidation and sharing of the current bins in the blocks for a lower number, or a larger communal bin. We are working alongside Moray Council to address this issue.

If you have any further concerns or would like to discuss any issues further please do not hesitate to contact me.
