

GOVERNMENT GRANTS

Government grants include grants receivable from the Scottish Government, local authorities and other government bodies. Government grants are recognised at the fair value of the asset received or receivable when there is reasonable assurance that the grant conditions will be met, and the grants will be received.

Government grants received for housing properties are recognised in income over the useful economic life of the structure of the asset and, where applicable, the individual components of the structure (excluding land) on a pro rata basis under the accruals model.

On disposal of an asset for which government grant was received, if there is no obligation to repay the grant, then any unamortised grant remaining is derecognised as a liability and recognised as income. Where there is a requirement to repay a grant a liability is included in the Statement of Financial Position to recognise this obligation.

OTHER GRANTS

Grants received from non-government sources are recognised using the performance model. Grants are recognised as income when the associated performance conditions are met.
